<p><b>Sponsor Name, Title, Host Organisation</b></p>	<p>Peter Carpenter/Tony Kelly Programme Director/Clinical Lead Patient Safety Collaborative KSS AHSN</p>
<p><b>Explain the project in one sentence</b></p>	<p>Learning from mistakes, incidents, adverse events and avoidable deaths is critical in reducing avoidable harm, building cultures of continuous improvement and a safer NHS. This fellowship aims to review, support and spread innovative approaches currently being undertaken across KSS to learn from serious untoward incidents and learning from deaths.</p>
<p><b>Tell us about the project and sponsor in no more than 175 words</b></p>	<p>As sponsors for this work, we are passionate about leadership development and improving patient safety.</p> <p>Any fellow who applies for this project should expect to receive hands on advice and support, practical support from the wider KSS AHSN team and to join a can-do organisation. Sponsors for this project embody the AHSN principles of “trusted, valued and making a difference”.</p> <p>In return for hands on-support and advice and investment of our knowledge and expertise we ask for a fellow who above all is passionate, hard- working and pro-active. We seek someone who will take an intelligent approach to delivering the sharing and spread of knowledge.</p> <p>Learning from mistakes, incidents, adverse events and avoidable deaths is critical in reducing avoidable harm, building a safer NHS and cultures of continuous improvement.</p> <p>The Fellow will be based in KSS AHSN and</p>

	<p>will support and be supported by the established Communities of Practice on learning from SUI's and deaths.</p> <p>The project work will be shaped and moulded to make best use of a fellow's skill set. There are pockets of innovative practice across the region and we want to shape a project around the following possible areas:</p> <ul style="list-style-type: none"> <li>- how we ensure that STP systems learn together</li> <li>- how we ensure that the lessons learnt are communicated effectively and adopted into practice</li> <li>- how is this learning co-produced with patients and their families</li> <li>- how we can enable the spread of innovative practice at a practical level within learning organisations</li> </ul>
<p><b>What skills are you looking for in a fellow?</b></p>	<ul style="list-style-type: none"> <li>- Experience in implementing learning within a health care environment or qualitative research background</li> <li>- Dynamism, passion for safety and excellent communications skills</li> <li>- Organised, willing to learn and can work to deadlines</li> <li>- Preferable project management skills</li> <li>- Commitment to deliver and demonstrate impact</li> <li>- Influencing skills and ability to persuade</li> </ul>
