

<p><b>Title of the project</b></p>	<p>Addiction: Catalysing Change Across System Boundaries - Sussex and East Surrey STP</p>
<p><b>Sponsor Name, Title, Host Organisation</b></p>	<p>Sussex Partnership NHS Foundation Trust</p>
<p><b>Explain the project in one sentence</b></p>	<p>The project aims to explore the models and services available for addictions within our Sustainability and Transformation Partnership in Sussex and East Surrey.</p>
<p><b>Tell us about the project and sponsor in no more than 175 words</b></p>	<p>Mentoring the next generation of clinical leaders, and enabling them to have early career experience in leading change across fragmented systems (working with multiple partners in an environment of uncertainty) is a passion of mine. I am keen to support a Darzi Fellow by giving them exposure to an STP-wide project grounded in user-driven design principles and working closely with budget holders and frontline staff in providers, commissioners, addictions charities, academics and industry. You will be based with us at SPFT, but will also have access to project support, comms, technology scouting, evidence and analytics from KSS AHSN, Digital Catapult, local universities and others working on this system-wide project. We will endeavour to provide opportunities</p>

	<p>for coaching in Danish-style user-driven design, motivation/patient activation, as well as space to attend conferences and visit good practice sites.</p>
<p><b>What skills are you looking for in a fellow?</b></p>	<p>I am looking for an energetic, inquisitive, self-motivated learner who has an interest in Psychiatry, Addictions and systems working. They will be comfortable working across agencies and boundaries within a specific timeframe.</p>
<p><b>Who to contact and what do they look like?</b></p>	<p>Dr Rick Fraser, Chief Medical Officer Sussex Partnership NHS Foundation Trust Email: rick.fraser@sussexpartnership.nhs.uk</p>
