|--|---|
| | <p>physical and mental health and care for the people of Surrey Heartlands. This project will deliver on improving the quality of services with better outcomes, enhancing wellbeing and improving access to healthcare. The sponsor is Vicky Stobbart, Managing Director of Guildford and Waverly CCG</p> <p><i>'As the nominated sponsor, I am committed to supporting the Fellow to achieve, develop and deliver for our local residents who experience health inequalities. I would offer my personal oversight, mentoring and senior leadership to ensure that the Fellow is successful and develops as a result of this unique opportunity. This would involve regular 1:1s and an opportunity to share learning and updates through the local partnership forums. I would personally oversee and ensure support and buy-in from the CCG and wider partnership to enable the Fellow to deliver sustainable change for our local population'</i></p> |
| <p>What skills are you looking for in a fellow?</p> | <p>The project represents an exciting opportunity for a clinician to work within Guildford and Waverley CCG and project support areas of Public Health, local GP practices and Surrey University. The fellow will be fully supported to co-produce, with our local population, a new model of health delivery to be tested within small scale projects. A strong focus on innovation, service design, patient engagement, national presentation of success and commitment will be required. Support will be provided from the project</p> |
